Education

Aurora National High School

Zamboanga del Sur Provincial Government College

Work Experience

I have an experience of managing a restaurant in my families business, In the workplace I learned how to communicate with the client/costumer which is very essential especially on our work line, I also learned how business works. I have no real experience on field computer because I just graduate and hoping to learn more on the company.

Skills

HTML, CSS, JavaScript, Python, Git, etc.
